REGULAR PAPERS

Ensure Symmetrical Traffic Flow, to prevent the Dropping of Response Packet by the Firewall, on the Active-Active Data Centers
Irwan Piesessa, Benfano Soewito

Improving the Performance of Fuzzy Minimum Spanning Tree based Routing Process through P-Node Fuzzy Multicasting Approach in MANET
Soham Bandyopadhyay, Sunil Karforma

Efficient Multimedia Transmission over Scalable IoT Architecture
Vasileios A. Memos

Alleviating Malicious Insider Attacks in MANET using a Multipath On-demand Security Mechanism
Shahnawaz Ahmad

A Combined TCP-friendly Rate control with WFQ Approach for Congestion Control for MANET
Y. Narasimha Reddy, P V S. Srinivas

Analysis of CRT-based Watermarking Technique for Authentication of Multimedia Content
Türker TUNCER

Real Time Universal Scalable Wireless Sensor Network for Environmental Monitoring Application
Idakwo Monday Abutu, Umoh J. Imeh, Tekanyi M.S Abdoulie, Adedokun E. Adewale, Muazu M. Bashir
