

International Journal of Engineering and Manufacturing

Contents

REGULAR PAPERS

- | | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| Design of a 165-178 GHz 4-way Power Combined Amplifier with output Power Greater than 18.8 dBm
<i>Oluseun Damilola Oyeleke, Olabode Idowu-Bismark, Dan Ali, Oluwadamilola Oshin, Adedoyin Afolabi</i> | 1 |
| Wireless Sensor Networks in Agriculture: Livestock Monitoring for the Farming Industries
<i>Atiqur Rahman, Md. Shohanur Rahman Shohan, Md. Toukir Ahmed</i> | 16 |
| Comparative Evaluation of Supervised Learning Algorithms for Breast Cancer Classification
<i>Adithya Kusuma Whardana, Ruth Kristian Putri</i> | 29 |
| Enhanced Write Performance and Power Efficiency in Approximate Match CAM Using SAPON Low Power and Transmission Gate Logic
<i>Poornima G., Soundarya N.</i> | 39 |
| Machine Learning-based Renewable Energy Adaptation: Case study Bangladesh
<i>Shahir Ahmed Apurba, Muhibullah Muhibullah, Md Mahfuzul Karim, Nusrat Sharmin</i> | 51 |
-
