### REGULAR PAPERS

|                                                                                                                                                                                                                                                                                     |     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Eliciting Knowledge Transfer and Self-management Skill through the Effects of Cognitive Load Theory on Programming Learning<br><i>Carlos Sandoval-Medina, Estela L. Muñoz-Andrade, Carlos A. Arévalo-Mercado, Jaime Muñoz-Arteaga</i>                                               | 1   |
| Exploring Therapeutic Applications of Virtual Reality in Mental Health: A Bibliometric Analysis<br><i>Sheena Angra, Avinash Sharma, Bhanu Sharma</i>                                                                                                                                | 18  |
| Factors Affecting the Needs of Learning English for Medical Purposes of Medical Students at Tay Nguyen University of Vietnam<br><i>Pham Dac Quoc Phuong, Doan Van Vu, Vu Tran Thao Vy, Phan Bao Chon, Tran Huynh Thanh Nhat, Dinh Huu Hung, Phan Thi Kim Phung, Le Thi Hong Van</i> | 36  |
| NeSy-Guidance: A Neuro-Symbolic Knowledge Graph for Academic Recommendations Combining Rule-Based Reasoning and Neural Inference<br><i>Zineb Elkaimbillah, Zineb Mcharfi, Mohamed Khoulal, Bouchra El Asri</i>                                                                      | 48  |
| Enhancing Information and Media Literacy: Evaluating the Impact of Webinars, Workshops, and Masterclasses<br><i>Marina Drushlyak, Olena Semenog, Nataliia Ponomarenko, Myroslava Vovk, Dmytro Budianskyi, Olena Semenikhina</i>                                                     | 65  |
| A Structured Project-Based Learning Pedagogy to Bridge the Theory-Practical Gap in Blockchain Education<br><i>Rachana Yogesh Patil, Rahul Kulkarni</i>                                                                                                                              | 76  |
| Emerging Themes and Research Directions in MOOCs and Micro-credentials<br><i>K. S. Savita, Pradeep Isawasan, Muhammad Akmal Hakim Ahmad Asmawi, Muhammad Shaheen, Rabiya Ghafoor</i>                                                                                                | 97  |
| A Novel Multimodal Sarcasm Detection Methodology with Emotion Recognition Using E-RS-GRU and KLKI-FUZZY Techniques<br><i>Ravi Teja Gedela, J. N. V. R. Swarup Kumar, Venkateswararao Kuna, Sasibhushana Rao Pappu</i>                                                               | 111 |
| Dynamic Data Mining: Using Dynamic ID3 Algorithm to Solve Any Problem that Needs Decision Tree Support<br><i>Amir Amjad Gharbi, Bassel Alkhatib</i>                                                                                                                                 | 127 |
| Leveraging Convolutional Neural Network to Enhance the Performance of Ensemble Learning in Scientific Article Classification<br><i>I. Nyoman Switrayana, Neny Sulistianingsih</i>                                                                                                   | 146 |
