### **REGULAR PAPERS**

|                                                                                                                                                                                                                                    |    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| Some Properties of Anti Imprecise Subgroup and its Application<br><i>Jaba Rani Narzary, Sahalad Borgoyary</i>                                                                                                                      | 1  |
| Mathematical Model of an Infectious Respiratory Disease with a Double-Dose Vaccine, Isolation and Use of Face-Mask<br><i>Henry M. Wanjala, Mark O. Okongo, Jimrise O. Ochwach</i>                                                  | 10 |
| Identification and Quantification of Distress Along Flexible and Concrete Pavements Using Low-Cost Image Processing Technique<br><i>Dhanya Kumar S. J., Archana M. R., Anjaneyappa V., Anala M. R.</i>                             | 28 |
| BiLSTM-Powered Emotion Recognition from ECG and GSR Signals<br><i>Vanapalli Satya Sumanth, Vanapalli Sashi Vardhan, Peruri Bhuvan Satwik, Neelamsetty Glory, Vallala Lohitha Prakaashini, Saragadam Charishma, Adiraju Shasank</i> | 38 |
| Stochastic Model Including Refining Stage to Improve Water Supply System in Bangladesh<br><i>Md. Asaduzzaman, Nazrul Islam, Sabina Yeasmin, Md. Babul Hasan</i>                                                                    | 52 |
